Emma Thompson

Frontend Engineer - React, TypeScript and design systems

emma.thompson@example.com | 555-0107 | Manchester

Target role: Frontend Engineer | SYNTHETIC SAMPLE CV - fictional person, for software testing only

PROFESSIONAL SUMMARY

Frontend engineer with 3 years of experience building accessible, performant React applications. Maintains a shared component library used by several product teams.

TECHNICAL SKILLS

React, TypeScript, JavaScript (ES2022), Tailwind CSS, Jest, React Testing Library, React Query, Storybook, Vite, HTML5, CSS

EXPERIENCE

Frontend Engineer, Lumen Retail Tech (fictional) [2 yrs]

- Built the product-listing and checkout UI in React and TypeScript; improved Largest Contentful Paint from 3.8 s to 1.9 s with code splitting and image optimisation.
- Created a Storybook-documented component library with 45 components and automated accessibility checks.
- Replaced hand-written fetch logic with React Query, removing a class of stale-data bugs.

UI Developer, Pixelhaus Studio (fictional) [1 yr]

- Delivered marketing sites in JavaScript and Sass with Lighthouse scores above 95.

PROJECTS

Accessible date picker

Keyboard-first date-range component with ARIA support, published internally.

Realtime order board

React dashboard using WebSockets and virtualised lists for 10,000 rows.

EDUCATION

B.Sc. Computing, University of the Northern Quays (fictional)
